Programs to help students learn
and feel confident en français!

French Programs to help support students through the Learning Recovery Action Plan & OLEP

Four of our programs that meet the criteria for the Learning Recovery Action Plan & OLEP:

- French Learning Circle (Grades 1-4)
- French Boost March & Summer Camp (Grades 2-8)
- Individual French Tutoring Program (Grades 1-12)
- The Process of Creating A Book Presentation (Grades 4-7)

By working closely with our partners and clients, we strive to identify and tailor French language learning solutions that meet their unique needs. Over the past year, we have successfully implemented a range of programs, including a selection of those listed above, in partnership with the **Hamilton and Waterloo District Catholic Boards**.

Our dedication to providing top-tier language instruction has enabled us to collaborate with a broad spectrum of organizations over the years. From private institutions such as Montessori schools, Jewish Day Schools and colleges, to public organizations like the Canadian Parents for French and various Members of Parliament through the House of Commons, our delivery of exceptional language enrichment and instruction to students has allowed us to establish strong relationships with a variety of stakeholders in the education community.

Our Core Values

Compassionate Communication

Our words are our power and we choose to use them to communicate with compassion in French, English or any language. Whether we are in dialogue with ourselves or each other, no challenge is too big when we listen, speak and lead with kindness, understanding and empathy.

Big Dreams

Where there is a decision to pursue language learning, there is a dream. A dream that is big, that inspires a goal which leads to a journey that is unique and special. We are enthusiastic allies in the pursuit of your big dreams!

Safety and Inclusion

Before one can learn, they must be and feel safe. Creating spaces that are reliably and consistently safe and welcoming to all is essential to us.

Confidence Through French Learning

We provide excellent French education and we celebrate when students learn something they didn't know yesterday. We believe the more positive experiences and interactions with French and learning that we can create, the more likely students are to feel confident in themselves and their abilities.

Creating Fun!

Together we can create experiences, and interactions that nurture play, laughter, and fun while learning French!

Practicing Presence

We believe in holding a space of acceptance for our students and meeting them where they are on their learning journey. This begins with listening and being present to their needs.

Les Petites Pommes is a Canadian award winning education company that specializes in creating programming and curriculums that help students learn and practice French.

Brief Overview of Programs

Program	Summary	Grades
 French Learning Circle	<p>Half-hour classes offered everyday Monday to Friday with a focus on French reading and conversation practice. With a drop-in format, students can attend all classes or pick and choose which are needed and accommodates their schedule.</p> <p>Hours of learning per week: 2.5 hours Total per month: 10 Hours</p>	Grades 1-4

From Dreams to Reality with Les Petites Pommes The Process Of Creating A French Book!

Learn about the process of writing a French book with Les Petites Pommes! In this presentation, students will have the opportunity to hear about how to take an idea to a final product using one of our French levelled reader books as the example. Through this presentation, our goals are to:

- Inspire and empower students about the possibilities and applications of their French language
- Share with them the steps in our book writing and creative process
- Practice French through reading and discussing one of our books together
- Provide an opportunity to be creative and explore the art of book writing in their second language with a follow-up classroom activity

Options:

- Virtual
- In-person
- Copies of books for each student
- Level can be adjusted for core or FI

Les Petites Pommes is an award winning education company that has been helping students learn and build confidence en français since 2009. Our values for all the educational spaces we create include supporting big dreams, compassionate communication, safety and inclusion, and providing excellent French learning.

Virtual Option: 1 Hour Presentation

During our one hour online presentation, we will show the students the process of how we took our book from a simple idea to a final product. We will then read one of our books (we have different levels for different ages) with the students and have a discussion. For this option, we recommend one class per presentation to allow an opportunity for the students to participate.

Follow Up Class Room Activity (Optional):

We will provide the classroom teacher with a worksheet package to help the students create their own French book which can be used as a graded activity for the class. We will provide the teacher with a marking rubric based on the elements for success that we outline during our presentation.

In-Person Option: 1.5 Hour Presentation and Workshop

For the Greater Toronto Area, we are able to provide our presentation in-person followed by a hands on activity for the group. During the in-person presentation, we can accommodate 2 classes per presentation. We will provide the additional materials for all the students.

Les Petites Pommes French Book Writing Contest (Optional):

Following the completion of their books, students and teachers will have the option of submitting it to our Les Petites Pommes French Book Writing Contest. A contest outline will be provided upon booking. Prizes include Les Petites Pommes French books, water bottles, sweatshirts, and gift certificates to attend our French online programs. Winners will be announced in June 2023.

"Our goal with all our programs is to increase the amount of positive interactions that students have with the French language! "

- Mary Clements, Founder of Les Petites Pommes

What Parents Are Saying:

"My daughter finds the classes enjoyable and is learning new things. She is trying to speak more in French, which tells me that she is becoming more confident in her abilities to express herself."

-Bose, Waterloo, December 2022

"I enjoy the reinforcement of skills, the grammar concepts he is learning, the authentic listening opportunities, and the small group format. Most of all, my son enjoys the classes and there is never an issue with getting him to attend, despite a busy schedule."

-Angela, Waterloo, December 2022

We survey parents and provide school boards with the data to help them report on the effectiveness of the program

Here are two results from our latest survey of French Learning Circle offered to a school board in Ontario. Out of 20 surveys sent for this grade group, we received back 8 responses with these results:

Do you feel this program experience is helping to increase your child's confidence in their French abilities?

8 responses

- Yes
- No
- Maybe
- Too soon to tell
- Not sure

"E loves to share what she has learned and her accomplishments from these classes."

-Karen, Waterloo, December 2022

Does your child speak positively about the classes at home?

8 responses

- Yes
- No
- Sometimes

"My son's favourite class is the conversation class"

-Tanya, Waterloo, December 2022
